BETTER MENTAL HEALTH CARE

MAY IS MENTAL HEALTH AWARENESS MONTH

Better Outcomes Begin With You—And Your Referral.

As a primary care provider, you're often the first—and sometimes only—touchpoint for patients struggling with their mental health.

This May, we're asking you to take that next step. Early identification and referral can change the trajectory of a patient's life. Let's collaborate to provide compassionate, evidence-based care beyond the exam room.

Refer with confidence. We're here to support you and your patients every step of the way.
